

Car Community Automobile Club

State Farm as the largest auto insurer has a long and storied history with the automobile, and that legacy has generated the idea of developing a State Farm Car Club. Our car club is open to all vehicle makes, years and even open to those who currently do not have a vehicle. Our only requirement is to have a passion or be an enthusiast for the engineering, technology and design of the automobile.

Our goal is to have activities and events ranging from monthly meetings, attending car shows, obtaining speakers and other auto related events.

Auto related events would include caravanning to local area car shows, car museums, cruising to diners, and visiting other auto related exhibits.

The goal of this club is to come together with a common interest in creating fun memories as we share information and support each other. We hope to inspire a sense of camaraderie as we participate in those special club activities.

Our monthly meetings, held every third Thursday of the month, will provide opportunities for discussing future car club activities, club direction, membership issues, and an open forum for communicating concerns, ideas and suggestions. Club meetings to be held at State Farm Park or other agreed upon locations.

Mission Statement

We view our club as the Ambassadors for State Farm as we participate in auto related activities and encourage safety, information sharing, supporting each other, and preserving the legendary automobile's past, present, and future.

For additional information please contact Tom Raufer (GP8M).
